

Never camera shy, several of the children at Orfanatorio Mazatlan pause from their daily routines to pose for this picture for Tres Islas donors. They all said to tell you, "Hello and thank you!" for all you do for them throughout the year. Thanks to your donations, they receive nourishing food, excellent school supplies, shoes and clothes. Thank you for making the positive difference in their lives. Without you, they would not have the quality food and education they now have.

The boys at Hogar San Pablo Orphanage, joined by their caregivers, happily send you their New Year greetings in exchange for all you do for them throughout the year. Before your donations, there was no nourishing food that arrived on a scheduled basis. Thank you for feeding the boys and funding the major renovations at their orphanage and improving the quality of their lives!

Taking a break from Christmas performances, these are some of the charming and healthy faces of the children at the Salvation Army Orphanage. Thanks to you, they receive nourishing food each week, quality school supplies, school shoes and supplies. Thank you, Tres Islas donors, for making the positive difference you make in all the children's lives through your loyal and generous donations to the Tres Islas Orphanage Fund. May our good Lord bless you as you have blest all the children. Your continued support will be greatly appreciated and is much needed. Thank you!
