

Marta and Al Grunsky, Tres Islas donors and volunteers from Florida, who have made a positive difference in the children's lives, look forward to meeting each of you. Please plan on joining Marta, Al and other Tres Islas donors at Mazatlan's orphanages May 13-21, 2006 for our third-annual "Sisters-and-Brothers-By-Heart" week where we'll continue to improve the orphanages and share wonderful times with the children.

Colorado donors and volunteers Gary Seymour and Dora Valdez pause for a moment during one of Mazatlan's majestic sunsets at the second annual "Sisters-and-Brothers-By-Heart" week in May 2005. The smiles you see on their faces and those of all Tres Islas volunteers begin when they arrive in Mazatlan and continue throughout the week. We all welcome each of you to joins us for a week of smiles May 13-21, 2006 when we gather once again in Mazatlan!

One reason you don't see Tres Islas Vice-President Tom Manton in many of the pictures you receive, is because he's usually the photographer "behind the scenes." In addition to recording the children's lives to share with you, Tom is Tres Islas' computer guru who creates all CD presentations for you, helps prepare the annual reports and raises the awareness of the children's needs with potential donors. Employed by Douglas County, Oregon as their Natural Resources Division Manager, Tom enjoys devoting his time to Tres Islas and pursuing his other interests which include sculpting religious and wildlife figures, organic farming, and fishing along Oregon's (and Tom's!) beloved Umpqua River. Tom looks forward to meeting each of you and wants you to know, if you have questions, recommendations or just want to visit, you're always welcome to phone him at Tres Islas' toll-free number, 1-888-459-8463, or email him at [email@orphanagefunds.org](mailto:email@orphanagefunds.org).
